In plain terms, astral projection is an out of body experience. It is one of the most powerful forms of these experiences. During astral projection, the soul is separated from the physical body. The astral is the subtle body that hovers over and observes the environment. It can even cross time and space barriers to wherever intuition lies.

Astral travel has been handled separately in parapsychology and metapsychics. In parapsychology, astral travel is defined as “out-of-body experience” or “out-of-body travel”; In the metapsis, it is expressed as “consciousness projection”. What we know is the closest parapsychological approach to the definition of out-of-
