Part 139 (Aerodromes) Manual of Standards 2019

This is a compilation of the Part 139 (Aerodromes) Manual of Standards 2019 that shows the text of the law as a mended and in force on 13 August 2020. The notes at the end of this compilation (the endnotes) include information about the amending laws and the amendment history of provisions of the compiled law.

Part 139 (Aerodromes) Manual of Standards 2019

Radio navigation or radionavigation is the application of radio frequencies to determine a position of an object on the Earth, either the vessel or an obstruction. Like radiolocation, it is a type of radiodetermination.. The basic principles are measurements from/to electric beacons, especially . Angular directions, e.g. by bearing, radio phases or interferometry,
