The Undiscovered Self is a fascinating, but more importantly, a compelling view of the individual, who, is constantly being overwhelmed by the collectives forces in society. To better understand ourselves, Jung states that the individual needs to better understand his own unconscious mind.

The Undiscovered Self by C.G. Jung - Goodreads

One of the seminal works of Carl Jung, pioneer in modern psychiatry and one of history's greatest minds. His "undiscovered self" speaks to the duality of the human psyche and the importance of understanding the "undiscovered self" before understanding the dangers imposed on each individual by the mass society.

The Undiscovered Self: With Symbols and the Interpretation ...

The undiscovered self is an aspect of human existence that should be accessed so that we can gain self-knowledge and resist ideological fanaticism. To be able to do this, we must face the duality of the human psyche, and acknowledge the factions of both good and evil in us, and 'hold' the opposites in balance.
